CERTAVIA DEMO LABORATORY

Fictional multi-cancer early detection report

NOT A REAL RESULT. NOT FOR CLINICAL USE. NOT ISSUED BY A CLINICAL LABORATORY.

PATIENT: Jordan Hale

DATE OF BIRTH: 1974-04-02

STATE: Texas

TEST DATE: 2026-11-19

ORDERING PROVIDER: Helen Park, MD

RESULT: Cancer Signal Detected

CANCER SIGNAL ORIGIN 1: Colon, rectum

CANCER SIGNAL ORIGIN 2: Liver, bile duct

ACCESSION: DEMO-2026-0142

This page is a teaching prop for the Certavia demonstration. The labeled lines above are the fields a navigator would confirm with a person who received a positive multi-cancer early detection blood test.

A cancer signal is not a diagnosis. In real care, a clinician would decide whether and how to evaluate it. Nothing on this page is an order, a prediction about a real person, or a document from GRAIL or any other laboratory.

Accession DEMO-2026-0142 exists only inside this demo.
